Essay

A LiveStrong LifeStyle is a mantra our foundation uses to describe endurance. Aaron Bonner was a man who defined himself as a Survivor, Conqueror, and Soldier. Regardless of age everybody has experienced at least one "LiveStrong" moment, where something you endured contributed to who you are today. Give ONE obstacle that you have faced, describe your endurance through it, and how it has made you who you are.

1. Each essay should begin with "A LiveStrong LifeStyle is..." or "A LiveStrong LifeStyle to me means...". This quote should be your own mantra of how you live your life. Example "A LiveStrong LifeStyle is one that is lived with ambition, motivation, and guidance. Fulfilling this lifestyle means taking every opportunity to positively impact the lives of other individuals by the standards I set for myself.
2. 12 font double- spaced
3. Email submissions to applications@aaronbonnerfoundation.org with a **3X5 Photograph**
